 **legrand®**
— ■ IDEAS THAT CLICK

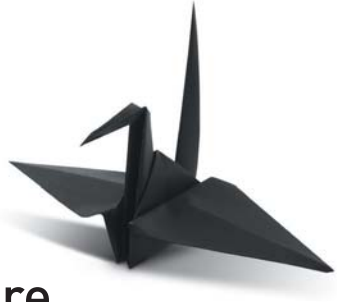

Be it a couple of extra zeroes to
a pay cheque or one more holiday to the list.
Be it one more pair of shoes
to the collection or just requesting for
one more song at a party. It's natural
for humans to always expect something more.

At Legrand, we always stand true to our
philosophy of 'Listen, Design, Make and
Support'. It is this thinking that helps us
believe that the more one gets the better it is.
Which is why, Legrand's Myrius range of
wiring devices has a lot more to offer.

More Aesthetics

Flat, sleek and smooth, Myrius is the preferred choice to give every wall an artistic touch. It was conceived with curved edges that give it a distinct and appealing look. Moreover, its minimalistic design makes it look absolutely stunning and desirable. But what makes Myrius truly beautiful is a classic black and white shade that offers an aura of comfort and timelessness.

Black Beauty

A mystic black shade with a grainy matte finish truly complements any decor.

Snowy White

Its gleaming white shade and a perfect glossy finish creates a soothing decor.

More Simple

Myrius was crafted with one thing in mind, to make your life much easier. That is why, we've incorporated the world's best technology and the finest engineering into it. Now just because it consists of complex technology doesn't mean that it is complicated to operate. We've carefully designed a simple user-interface on the outer side to make it convenient and easy to use.

Myrius™
